

# Storm Shelter Registration

Register your storm shelter to help first responders locate you after a disaster

## WHY REGISTER

Storm shelters, whether an underground shelter, above ground shelter, or basement, are the best place to be during severe weather. If a storm impacts your home, however, debris could prevent you from leaving the shelter afterwards. First responders will check each home for survivors. They need to know if there's a shelter on the property that needs to be checked as well.

### Top 26 Texas Panhandle Counties

### Confidential and Safe

- Your information will be shared with first responders in your county.
- There is no expectation for you to shelter other members of the public.
- Registration is voluntary but highly encouraged! Search and rescue will be done at the discretion of first responders based on the severity of the incident.
